Faculty of Computers and Information Technology

English Pet Advanced

Information :

Course Code : ENG Pet A	**Level**	:	Undergraduate	**Course Hours :**	2.00- Hours

Department : Faculty of Computers and Information Technology

Description :

A third tier English language course encompassing the lexical approach which focuses on communication by emphasizing fluency and accuracy through the development of sub-skill strategies for interaction, through speaking and writing. Topical and functional lexis provide the reference by which language is introduced and recycled within clear natural contexts. Writing is explored through a range of texts by understanding genre-specific conventions, developing confidence by planning and discussions, and by applying both process and product approaches. This course is very similar to English PET; however it caters to the more advanced students. Prerequisite: ENG KET A with a B+ grade pass or better, 2 cr.
