#### Instructor Information :

Title	Name	Office hours
Professor	GHADA REFAAT MOHAMED ELSAID	19
Assistant Lecturer	Fatma Amr Shawkat Ahmed Abogabal	4
Teaching Assistant	Yasmeen Mohamed Saleh Abdelmaksoud	5
Teaching Assistant	Basant Mohsen Ali Morsi Awad	

#### Description :

This course is an introduction to programming for students with little or no programming experience. There are two primary goals: (i) to learn fundamental programming skills, and (ii) to learn systematic and logical thinking. Basic programming concepts include: variables, loops, conditions, arrays, functions, and classes. Basic problem solving approaches include: abstraction, division into sequential pieces, and division into layers.
