

Faculty of Economics and Political Science

International Negotiations

Information :

Course Code : PSC 308

Level : Undergraduate

Course Hours : 3.00- Hours

Department : Department of Political Science

Instructor Information :

Title	Name	Office hours
Teaching Assistant	Youssef Moustafa Zada	1

Area Of Study :

This course exposes students to the concept of international negotiations and the nature of international conflicts and crisis management. In this regard, the course tackles the roles and impacts of different levels of negotiations as well as understanding the roles of different parties of negotiation; the challenges and threats as well as the chances and tools they encounter and acquire in the negotiation and arbitration processes on the international front. This is conducted while focusing on different negotiation tactics and models of analysis such as the Game Theory, which includes the Prisoner's Dilemma as an example. This is carried out while empirically applying it on different case studies in order to critically analyze reality and current affairs of domestic, regional and international interests.

Course Goals:

1- Become aware of the theories and practice of international negotiations.

2- Comprehend and analyze the crucial issues handled by negotiation, on the regional and international levels.

Description :

This course exposes students to the concept of international negotiations and the nature of international conflicts and crisis management. In this regard, the course tackles the roles and impacts of different levels of negotiations as well as understanding the roles of different parties of negotiation; the challenges and threats as well as the chances and tools they encounter and acquire in the negotiation and arbitration processes on the international front. This is conducted while focusing on different negotiation tactics and models of analysis such as the Game Theory, which includes the Prisoner's Dilemma as an example. This is carried out while empirically applying it on different case studies in order to critically analyze reality and current affairs of domestic, regional and international interests.
