Course Topic And Contents :

Topic	No. of hours	Lecture	Tutorial / Practical
Amalgam restoration			
Matrices Holder & Band			
Resin Composites restorations			
Glass Ionomer restorations			
Indirect metallic and non-metallic restorations			
Insulating Bases and Liners			

Teaching And Learning Methodologies :

Lectures with discussions.

Practical demonstrations.

E- learning.

Practical requirements.

Course Assessment :

Methods of assessment	Relative weight %	Week No	Assess What
Logbook to assess practical requirements.	10.00		Oral Examination
Oral examination / sheets to assess knowledge and understanding.	15.00		Final Practical Examination
Practical examination to assess practical, intellectual, and general skills.	25.00		Class work (Practical requirement, attendance, and lab test)
Written examination to assess knowledge and understanding.	25.00		Mid Term Examinations (Quiz and Mid-term)
